Subj.: Recommendation letter

Dear Ladies and Gentlemen,

Herewith we'd like to confirm that TranScript LTD have been a supplier of interpreting services to company HORN since 2016.

The project management and technical documentation department at company HORN have been very impressed with the quality of services performed by TranScript LTD – regardless of the subject. Their efficiency and professionalism have convinced us to contact this company every time we need quick and high-quality results.

Delivery time is always as short as possible and the prices are very competitive.

Taking the above-mentioned considerations into account we can recommend TranScript as a solid, reliable partner with extensive expertise in their field.

Best regards,

HORN Glass Industries AG

Aker Arctic translation services

To whom it may concern,

We have used the translation and interpretation services from Transscript Ltd. for some years. Languages have been between English and Russia.

We have been satisfied for the translation work. The quality of the technical documents translated for our marine related works have been found very good. The delivery times are fast and Transcript have always been able to keep the agreed delivery times. Communication is active and good with Transcript and they seem to take good care of their clients.

We can recommend to use translation services from Transcript Ltd.

With Regards,

Reko-Antti Suojanen
Director, Research and Development

Letter of recommendation

Herewith we confirm DNV GL full satisfaction with translating company TranScript LLC.

Translators of the company had shown their competence in different technical disciplines corresponding to DNVGL's Noble Denton Marine Service such as offshore structures, marine operations, technological process and engineering.

Management of project from TranScript LLC side complies with DNVGL expectations to translating deadlines and traceability of documents.

Basing on above mentioned we recommend TranScript LLC as a safe and competent partner.

Sincerely
for OOO DNV GL

To whom it may concern,

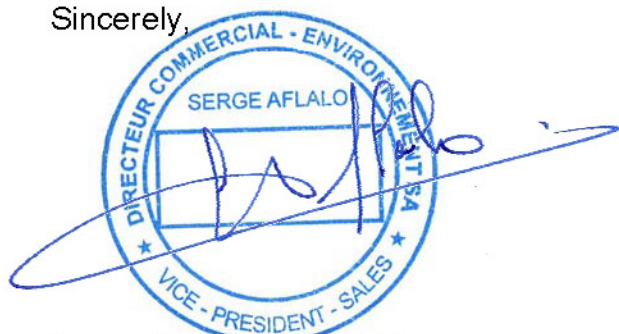

I am writing this letter of recommendation on behalf of ENVIRONNEMENT SA company in France.

Environnement SA is recognizing as a leader in the instrumentation of Air Quality Monitoring and Emission Monitoring. So we have to provide a large documentation with a high quality.

TranScript LLC has always answered to this level of quality in translates from English to Russian and reverse all technical, commercial and administrative documentation and also software screens, with the best respect of delay.

We warmly recommend TranScript as highly qualified specialists for technical, administrative and commercial translations.

Sincerely,

Serge S. AFLALO, PhD

Letter of Recommendation

Dear Sirs,

GE Energy Power Conversion GmbH has worked several years with Translation Company TranScript Ltd. in St. Petersburg and has been very satisfied with the cooperation.

The provided translation Service in the fields of drives systems, Level 0 up to Level 2 automation systems and HMI systems for metals and mining businesses are done with high quality, in time and with competitive costs.

TranScript has shown their flexibility with short term translations within 1 day and high professional reaction on changed and modified requirements for the translations.

We would recommend TranScript as a reliable and competent business partner.

Yours faithfully

PROVISION OF TRANSLATION SERVICES

Dear Mrs Shestakova,

I would like to confirm that TranScript is a company that is well known to GE Power Conversion and has provided translation services from English to Russian language over many years.

The service provided has been accurate, timely and of good quality.

TranScript would certainly be a company we would consider for future services.

Yours faithfully,

Letter of Appreciation

Dear Irina

Many thanks to you and your team for the excellent work you have done on the TCO project for Sulzer UK Ltd over the last few years. The project has been very challenging and has needed extensive translations in Kazakh and Russian in over a thousand documents. This has included drawings, procedures and Installation and Operating Manuals. Some of the Installation and Operating Manuals have included more than 4000 pages of Kazakh and 4000 pages of Russian. It is a credit to you and your team that these have now all been approved after a thorough review by our client's translation team.

I have also been very happy with the excellent service you have provided in answering urgent translation queries and providing realistic forecast dates for our larger documents so we could set clear expectations with our client.

Please pass my thanks onto your team for a very professional job.

Yours faithfully

To Whom this may concern.

RECOMMENDATION TRANSCRIPT LTD,

I write this strong recommendation of TranScript Ltd. Zhukova Str. 18, office 308, St.Petersburg, 195009, Russian Federation

I have worked with Irina Shestakova, General Director for over 3 years and I could not recommend her or TranScript translation services any higher. The service they provide me has been invaluable.

Siemens UK has been using TranScript for a multi million pound contract on the TCO Project for over 3 years. Prior to using TranScript only a handful of documents were satisfactory for our client. Since using TranScript we have successfully approved over 400 documents using their services. My client is very happy with our translations of documents.

The service is extremely quick, turnaround of documentation is super fast and super accurate. TranScript also have the ability to change many languages and many types of documents. The rates are also very competitive.

Irina is superb, she has an excellent understanding from a engineering technical viewpoint and many occasions have explained to my client the correct translations. She is also extremely nice to communicate with and very professional. I could not recommend Irina personally any higher.

I would strongly recommend TranScript Ltd.

Comments are my own opinions

Regards

Rob Sutcliffe
